

Our goal is to share the joy and fun of model railroading along with teaching the development and maintenance of model rail equipment to anyone with a passion for trains.

**All are welcome,  
we would love to meet you!**

## What is a Gandy Dancer?

A slang term used for early railroad workers in the United States, more formally referred to as "section hands", who laid and maintained railroad tracks in the years before the work was done by machines.

## Red Wing Model Railroad Club & Exhibit

**Bringing Railroad  
History Back to Life!**

The Red Wing Gandy Dancers  
(a Minnesota non-profit organization)  
enjoy creating fellowship and  
friendship through model trains. The  
Gandy Dancers were formed in 1998  
by Gerry Dooley and Tom Kernan, and  
have continued to grow to dozens of  
train aficionados from Southeastern  
Minnesota who love to share their joy  
and passion of trains with everyone -  
young and old!

## Step Back to a Simpler Time...

Located in the Red Wing Marine Museum, the Red Wing Model Railroad Club has created a **free** train exhibit that will take you back to simpler times when people set their watches by the trains chugging down the tracks.

Walk through scenes that will bring back small town memories or fascinate the younger generation with their love of trains.
